PROFESSIONAL SUMMARY

Motivated Mobile & Full Stack Developer with hands-on experience building cross-platform applications using Flutter, Dart, and React Native. Demonstrated ability to manage the complete Android app lifecycle and integrate secure REST APIs, highlighted by developing complex fintech platforms. Strong foundation in UI/UX design and clean, maintainable coding practices. Highly adaptable problem-solver, eager to collaborate with experienced teams and contribute to building high-performance mobile applications

CORE COMPETENCIES

Mobile Development: Flutter, Dart, React Native, Android App Lifecycle 2

API & State Management: REST API Integration, Provider, PostgreSQL

Frontend Development: React, TypeScript, HTML, CSS, JavaScript, Tailwind CSS 2

Backend Development: FastAPI, Node.js, Django, PHP, Laravel 2

UI/UX Design: Figma, Prototyping, Responsive & Accessible Design 2

Version Control & Tools: Git, GitHub, CI/CD 2

PROFESSIONAL EXPERIENCE & PROJECTS

Mobile & Full Stack Developer | IWC Exchange

- Architected and developed a comprehensive cryptocurrency exchange platform featuring functionalities similar to Binance, OPay, and TrustWallet.

- Built the mobile application frontend using **Flutter and Dart**, implementing **Provider** for efficient state management.
- Managed the entire **Android app lifecycle** from initial development through to final implementation.
- Developed a robust backend using **FastAPI** and **PostgreSQL**, creating secure **REST APIs** for seamless mobile-to-backend integration.
- Designed the complete UI/UX and coded the web application frontend utilizing React and Tailwind CSS.

Frontend Mobile Developer | Proptibank

- Developed the mobile interface for an investment property application using React Native.
- Responsible for coding UI designs into functional components and seamlessly implementing available backend endpoints.

Full Stack Web Developer | Freelance

- **Thawigs Multiconcepts:** Designed and developed a complete loan website from scratch using PHP and Laravel, handling all UI design and full-stack implementation.
- **Princess Diana Madaki Foundation:** Built the official NGO website using React to drive online engagement and visibility.

Frontend Developer Intern | Afriment (Remote)

- Collaborated on the Setlinn project, a web platform for Nigerian students relocating to Germany 3.
- Built responsive frontends using React, TypeScript, HTML, CSS, and JavaScript, ensuring mobile-first, cross-browser compatibility.
- Collaborated via Git for version control and deployed updates using CI/CD workflows

Full Stack Developer (Freelance) | Association of Dental Technologists in Nigeria (ADTN)

- Designed and developed the official association website using React, HTML, CSS, and JavaScript 4.
- Integrated the frontend with a Django backend for secure authentication and content management 5.
- Managed the full deployment cycle using Git, deployed via Render

Mobile Developer Intern | NASCO Groups, Jos

- Built and tested cross-platform mobile apps using **Flutter** and React Native 6.
- Optimized UI responsiveness and reduced render latency by 30% through efficient state management and code splitting 6.

Frontend Development Tutor | NAFOWA Vocational Center, Kaduna

- Designed and delivered hands-on training on React, HTML, CSS, and JavaScript for 20+ students 5.
- Mentored learners in building real-world projects, including mobile UIs with React Native 5, 6.

UI/UX Intern | Stardelite (Remote)

- Designed and prototyped responsive interfaces for web and mobile using Figma 6.

UI/UX Intern | Bluehouse Technologies, Jos

- Created interactive prototypes and design systems aligned with frontend implementation needs.

EDUCATION

B.Sc. Computer Science

Air Force Institute of Technology, Kaduna | 2022 – 2025

National Diploma in Computer Science

Federal Polytechnic, Mubi | 2018 – 2021

CERTIFICATIONS & LANGUAGES

- **Certifications:** Certificate in Artificial Intelligence, Diploma in Computer Applications
- **Languages:** English (Fluent), Hausa (Fluent).
